- 5 3.) My Group looks into learning and not just completing the course requirement.
- 5 4.) My Group meets (personal/online) at everyone's convenient time.
- 2 5.) My Group expects me to do all the work.
- 5 6.) My Group and I worked wonders for this term.

Evaluate your members:

Please list down the names of all your group members and list them according to their contribution to the group with respect to the term paper and the technology sessions. 5 – most contribution, 5 > lesser contribution. Put a "0" to the non-contributing member. i.e.:

1. Mr. Rebayla # 1 contributed most (he helped me to create a front-end of our system) = 5
2. Mr. Arguelles # 2 contributed as much (she created the ppt, and designed our system) = 5
3. Ms. Caño # 3 average contribution (he helped me to create the back-end of our system) = 5
